

# TASKI® swingo 2100micro

## Driving productivity forward

### TASKI swingo 2100micro

The new TASKI swingo 2100micro represents an evolution in micro ride on scrubber driers. The TASKI swingo 2100micro combines compact design with an unchallenged performance and high flexibility for operations beyond traditional boundaries.

- Unrivalled performance
- Advanced design
- Intelligent total solution

### Unrivalled performance

The new TASKI swingo 2100micro offers unrivalled performance, benefiting from the combination of speed, small footprint, agility and large tank size. A totally new design of offset cleaning function allows reduction of manual work and seamless cleaning in large and small areas with the highest possible cleaning result and supporting a low total cost of ownership.

The small footprint of the machine allows fitting into all common elevators enabling the opportunity to use the machine on all floors of a site.

### Advanced design

Performance has only real value when safety is not compromised. TASKI swingo 2100micro combines great overview, ergonomic working and high safety standards, benefiting from a protective tank design, active sitting concept and many other safety features.

Simple and efficient machine preparation and maintenance increases operational efficiency and reduces need for time consuming operator training.

### Intelligent total solution

TASKI swingo 2100micro revolutionizes today's cleaning process and improves your operational efficiency. The combination of a large variety of options, accessories and tools (TASKI IntelliDose, TASKI IntelliTrail, TASKI AquaStop, ToolHolder concept) allows individual adaptation to your needs, helping you achieve improvement of your total cost of ownership.

Diversey™

# TASKI® swingo 2100µmicro

## Technical data

Theoretical performance	3025 m <sup>2</sup> /h	Solution/Recovery tank	75L/75L
Theoretical performance per tank	5000 m <sup>2</sup> /tank	Rated voltage	24 V
Working width	55 cm	Nominal consumption	1440 W
Offset function	14 cm	Battery run time	< 4h
Brush system	2 x 28 cm	Machine weight net	185 kg
Brush pressure maximum	0.45 N/cm <sup>2</sup>	Machine weight – ready to use (without operator)	380 kg
Brush speed	190 rpm	Dimensions (L x W x H)	138 x 58 x 128 cm
Squeegee width	63 cm	Noise level	< 70 dB(A)
Cleaning speed	< 5.5 km/h	Approvals/Protection class	GS, CB/II
